REGULATIONS

COMMISSION DELEGATED REGULATION (EU) 2020/1298

of 13 July 2020

amending the Annex to Regulation (EU) 2019/452 of the European Parliament and of the Council establishing a framework for the screening of foreign direct investments into the Union

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2019/452 of the European Parliament and of the Council of 19 March 2019 establishing a framework for the screening of foreign direct investments into the Union ⁽¹⁾, and in particular Article 8(4) thereof,

Whereas:

- (1) Article 8(3) of Regulation (EU) 2019/452 provides that projects or programmes of Union interest are to include those projects and programmes which involve a substantial amount or a significant share of Union funding, or which are covered by Union law regarding critical infrastructure, critical technologies or critical inputs which are essential for security or public order.
- (2) The list of projects or programmes of Union interest referred to in point (1) is set out in the Annex to Regulation (EU) 2019/452.
- (3) The Commission has found that there are several other projects and programmes which involve a substantial amount or a significant share of Union funding, or which are covered by Union law regarding critical infrastructure, critical technologies or critical inputs which are essential for security or public order, and which should therefore also be included in the aforementioned list.
- (4) It is appropriate to expressly mention partnerships under Horizon 2020 taking the form of Union participation in programmes undertaken by several Member States, instruments such as Joint Undertakings or bodies such as the European Institute of Innovation and Technology. These partnerships play an important role in EU actions addressing healthcare emergencies such as the COVID-19 pandemic as they support, among other areas, research and innovation related to public health, initiatives improving the efficiency, effectiveness and quality of the drug development process and partnerships between the private sector and academia for improving the sustainability of healthcare systems.
- (5) The Annex to Regulation (EU) 2019/452 should therefore be amended accordingly,

⁽¹⁾ OJ L 79I, 21.3.2019, p. 1.

HAS ADOPTED THIS REGULATION:

Article 1
