COMMISSION IMPLEMENTING REGULATION (EU) 2020/1511
of 16 October 2020
amending Implementing Regulation (EU) No 540/2011 as regards the extension of the approval periods of the active substances amidosulfuron, bifenox, chlorotoluron, clomazone, cypermethrin, daminozide, deltamethrin, dicamba, difenoconazole, diflufenican, fenoxaprop-P, fenpropidin, fludioxonil, flufenacet, fosthiazate, indoxacarb, lenacil, MCPA, MCPB, nicosulfuron, paraffin oils, picloram, prosulfocarb, sulphur, triflusulfuron and tritosulfuron

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) Part A of the Annex to Commission Implementing Regulation (EU) No 540/2011 (2) sets out the active substances deemed to have been approved under Regulation (EC) No 1107/2009.

(2) Commission Implementing Regulation (EU) 2019/1589 (3) extended the approval periods of the active substances chlorotoluron, clomazone, cypermethrin, daminozide, deltamethrin, fludioxonil, flufenacet, fosthiazate, indoxacarb, lenacil, MCPA, MCPB and prosulfocarb until 31 October 2020.

(3) Implementing Regulation (EU) 2019/1589 extended the approval period of the active substance tritosulfuron until 30 November 2020.

(6) Applications for the renewal of the approval of those substances were submitted in accordance with Commission Implementing Regulation (EU) No 844/2012 (5).

(7) Due to the fact that the assessment of those substances has been delayed for reasons beyond the control of the applicants, the approvals of those active substances are likely to expire before a decision is taken on their renewal. It is therefore necessary to extend their approval periods by one year.

As regards cases where a Regulation on the non-renewal of the approval of the active substances concerned is to be adopted because the approval criteria are not satisfied, the expiry date is either to be reset to the date applicable before the adoption of this Regulation or is to coincide with the date of entry into force of the Regulation on the non-renewal, whichever date is later. As regards cases where a Regulation on the renewal of the approval of the active substances concerned is to be adopted, the earliest possible application date is to be set, as the circumstances allow.

Implementing Regulation (EU) No 540/2011 should therefore be amended accordingly.

Taking into account the fact that the approvals of some of the substances expire on 31 October 2020, this Regulation should enter into force as soon as possible.

The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Implementing Regulation (EU) No 540/2011 is amended in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the day following that of its publication in the Official Journal of the European Union.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 16 October 2020.

For the Commission

The President

Ursula VON DER LEYEN
